

# TRACKING SALES WAS NEVER EASIER!

## TOTAL BOOK SALES

## TOTAL SALES DOLLARS

With CMAX, the audit number is printed on every page of every book and begins with the cut prefix ie: 95 689

Sample reconciliation chart on the back of this sheet

# TRACK YOUR SALES

## Tracking Sales Was Never Easier!

- Every page of every book has an audit number printed on it
- Subtract the starting audit number from the ending audit number and that equals the total number of books sold
- Then multiply the number of books sold by the price per book and you have your total sales dollars for that bundle
- It's that easy!
